

STUDY ABROAD PROGRAM EVALUATION SURVEY

As a study abroad returnee, you are one of the most valuable resources that WC students need in order to make informed decisions about their study abroad choices. As you know, your program literature may or may not have portrayed the program as you experienced it. This is your opportunity to tell other WC students what the program was really like.

Please take a few minutes to complete this survey candidly so as to provide the best advice possible to your peers. Unless indicated below, this survey will be kept in a file for prospective study abroad participants to read and benefit from your observations, personal knowledge and first-hand experience. Again, your frankness and honesty are most important.

Thank you for completing this evaluation form. Its usefulness depends solely on your cooperation.
